Intelligent Cloud Solutions

End-to-End Cloud Solutions Designed for Resilience and Growth

NWN's Intelligent Cloud solutions deliver flexible, efficient, and secure infrastructure for applications and data across on-premises, edge, cloud, and hybrid environments. We help organizations modernize with the right mix of platforms tailored to their unique workload demands and business priorities.

As organizations push for greater agility, resilience, and cost efficiency, IT teams are challenged by aging infrastructure, constrained resources, and constant refresh cycles. The surge in AI adoption and data-driven demands intensifies the need for scalable, future-ready environments. NWN provides expert-designed architectures, intelligent automation, and full operational visibility to ensure your infrastructure evolves securely and strategically with your long-term goals.
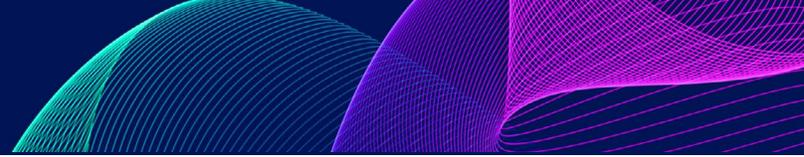

Drive Meaningful Change

Gain the performance, efficiency, and agility needed to meet today's demands with secure, resilient infrastructure that adapts as you grow:

- **Unified Cloud & Hybrid Operations:** Simplify and centralize infrastructure management with integrated tools, automated processes, and expert oversight
- **Predictable Costs, Optimized Investments:** Align budget and business priorities with right-sized architectures, flexible financial models, and cost control strategies
- **Always-on Performance & Resilience:** Ensure application availability and business continuity with infrastructure that is secure and resilient by design
- **Scalable Infrastructure That Grows with You:** Support expansion and evolving needs with right-sized solutions built to scale with your organization
- **Actionable Insights with Full Visibility:** Gain transparency across environments through real-time analytics powered by NWN's Experience Management Platform
- **Streamlined Automation & Integration:** Drive transformation with automated workflows and custom integrations that support evolving business needs

The Experience Management Platform

For organizations striving to transform support, consolidate operations, increase adoption, and provide exceptional experiences, NWN offers AI-powered Managed Services delivered by the Experience Management Platform.

Solution Components

From strategy to operations, NWN delivers the expertise and services needed to support every stage of your cloud transformation journey.

SECURE & SEAMLESS OPERATIONS FOR MODERN WORK			
Cloud and Datacenter Strategy and Execution Architect and implement resilient, scalable environments across data centers, edge, public/ private, and cloud using strategic roadmaps and workload-driven planning to deliver secure platforms that align to your goals and future-proof operations.	**Migration & Modernization Services** Optimize and reimagine applications and infrastructure built across on-prem, cloud, and edge, optimized for performance, scalability, security, supportability, and cost. Through replatforming and refactoring, environments are modernized for AI readiness and long-term flexibility.	**DevSecOps and Intelligent Automation** Drive organizational change management to simplify the adoption of DevSecOps principles, Infrastructure as Code, and modern delivery practices. Solutions are tailored to customer needs, embedding security and automation across hybrid, cloud, and on-prem environments.	**Cost Optimization & FinOps** Maximize value through FinOps practices across infrastructure, licensing, and cloud consumption— leveraging vendor incentive programs and supporting strategic IT procurement. This approach ensures cost, performance, and governance are optimized across on-prem, cloud, and edge environments.

EMP MANAGED CLOUD SERVICES		
Managed Cloud Services Maintain secure, reliable cloud environments with 24/7 monitoring, patching, and issue resolution across hybrid infrastructure, backed by application support and integrated DevSecOps practices. .	**Managed Resiliency** Protect business continuity with secure, cloud-based disaster recovery (DRaaS) and backup (BaaS) services designed to minimize downtime and ensure compliance.	**Managed FinOps** Continuously optimize cloud spend and value with expert-led FinOps services that provide ongoing visibility, governance, and strategic guidance across your cloud investments.

Transform the Customer & Employee Experience

Cloud investment goes beyond infrastructure, laying the foundation for faster, more connected and personalized experiences. Key outcomes include:

- **Reduced downtime and faster response times** that ensure seamless, uninterrupted interactions.
- **Elastic infrastructure that scales instantly** to meet spikes in demand, from product launches to seasonal surges.
- **Real-time data and automation** that enable personalized experiences and faster service delivery.
- **Consistent access across channels and devices** through secure, cloud-enabled omnichannel delivery.
- **More time for innovation** as IT resources shift from routine maintenance to strategic initiatives.

Speak with an Expert

Secure & Resilient by Design

NWN embeds security and resilience into every layer of our solutions, proactively reducing risk and disruption through Zero Trust principles, continuous testing, and lifecycle-integrated protection to help customers stay secure, compliant, and operational.

About NWN

NWN is the leading AI-powered technology solutions provider for North America's most innovative public and private organizations. For more than 30 years, NWN has helped over 5,000 CIOs deliver technology modernization programs with its Intelligent Workplace, Customer Experience (CX), Managed Devices, Cybersecurity and Public Safety, Connectivity, and Intelligent Cloud solutions. The company's proprietary Experience Management Platform ensures seamless service delivery, real-time observability, and improved efficiency for its customers' most demanding technological needs. NWN is a high-performance, high-integrity team of 1,000+ experts committed to a customer-obsessed culture, earning a 75 Customer Net Promoter Score. The company has been recognized with hundreds of industry awards and is proud to be a 'Best Place to Work' with an 86 Employee Net Promoter Score. For more information, visit: nwn.ai.
